LAMENESS LAB HAS HIT THE GROUND RUNNING

Test your lameness detection skills with Equine Guelph's latest horse owner tool - **Lameness Lab**.

This new tool is proving to be an effective way to learn more about lameness through interactive activities and videos, and helps identify early signs of lameness in horses.

HOOFPRIENTS TRIBUTE

This tribute was recently submitted in memory of Burnie. Equine Guelph pays its respects to this lost equine friend and would like to share **Burnie's remembrance** with you.

"In loving memory of the horse with a spirit so strong and kind that it could only be matched by his guardian angel Allie, with whom he lived his last days happily. We know you will always watch over Allie with a love to match what she has given you. From all your friends."

Equine Guelph thanks Intercity Insurance for sponsoring the Hoofprints Tribute Program

HELP SHAPE THE FUTURE OF THE TOWN OF ERIN

The Town of Erin is conducting in-depth interviews with equine businesses and users in the next few months to determine what is required to strengthen and expand the equine industry in the area.

In order for the survey to be as objective as possible, Erin will draw names at random from a broad list. All that is required to support this initiative is your agreement to have your name included in the random selection list.

The list will be confidential and not used for any other purpose. Your name may or may not be drawn, and, if selected, you can decline to participate in an interview.

Contact:

- Mary Venneman m.venneman@rogers.com

- or for **more information** on this survey.

- or if you would like your name included for the survey, reply to this email with "Yes add me!" in the SUBJECT line
