- Find out about current environmental issues and what you, as a horse owner, can do to make a difference.
- Meet your neighbours! Learn about the experiences other horse owners have had with equine stewardship projects.
- Learn about the Nutrient Management Act and how it affects horse owners from a presentation by the Ontario Ministry of Agriculture, Food, and Rural Affairs.
- Reduce your hoof print as Equine Guelph takes you through a self-assessment of your property, providing economic and environmental solutions.
- Need support? Hear about the FREE technical and financial assistance available to you.

If you are unable to attend and would like more information about these stewardship topics, please leave your name and address on the registration phone line and please visit [www.equineguelph.ca/healthylands.php](http://www.equineguelph.ca/healthylands.php).
