Get a personalized Immunization Schedule for your horse with Equine Guelph’s Vaccination Equi-Planner tool and work with your veterinarian.

1. LOCATION
Check with your veterinarian - they know what diseases have been prevalent in your area over the past year.

2. WHERE DOES YOUR HORSE GO?
All mobile horses, show horses, racehorses are exposed to a higher risk for influenza, Equine herpesvirus, rhinopneumonitis...

3. WHO ARE YOUR HORSES FRIENDS?
Barns and stables, with a lot of in-and-out traffic risk of exposure to viral and bacterial agents.

4. HOW OLD IS YOUR HORSE?
Your horse’s vaccination needs will change throughout its lifetime. Develop a vaccination plan with your veterinarian to help protect your horse from infectious diseases.
